AGES	CLASSES	Description of Classes	Communication	Gross Motor skills	Fine Motor Skills	Problem Solving	Personal-Social Development
0-5	Play & Grow	Play N Grow provides hands-on learning through play; young children have the freedom to explore in a friendly setting designed especially for small hands, bodies, and growing minds.	X	X	X	X	X
0-5	Feel the Beat	This class helps children improve vocabulary and language while improving movement skills and developing coordination, balance, strength and endurance. Children will learn to move, and move to learn.		X			X
1-5	ABC 123	ABC Kids provides a foundation for early reading by teaching your child the alphabet through songs, games, crafts and writing. Exposing your child to letters and sounds at an early age helps them learn to read later on.	X		X		X
1-5	Ooey Goey	Children will explore a variety of messy, squishy, and engaging sensory materials focused on supporting their developing cognitive, language, and social skills.			X	X	X
2-5	Art Explosion	Children will create artwork using a variety of materials. This helps children develop hand-eye coordination, boost creativity, enhance concentration, and provides an opportunity for self-expression.			X		X
3-5	Snack Attack	Children will create a healthy snack and learn nutritional information to begin making smart snack selections.		X		X	X
3-5	STEM Class	STEM classes will provide hands-on learning in the areas of science, technology, engineering and math in order to better prepare them for school and life! Your preschoolers might just be the next engineer, astronaut, or scientist!	X	X		X	X
