County: Madera

Friday, September 13, 2013

Provide a description of the evaluation activities completed during the fiscal year

Three components contributed to the First 5 Madera County "Evaluation Activities" for the 2012-2013 fiscal year. They are: 1) Statewide Evaluation, 2) Evaluation Plans, and 3) Evaluation tools. Each component has facilitated the evaluation process, increasing the quality of evaluation outcomes for First 5 Madera County. A description of each "Evaluation Activity" is below.

In 2005-2006 the implementation of the First 5 California "New Evaluation Framework" served as a building block for First 5 Madera County's evaluation design. Prior to the closure of the 2005-2006 fiscal year, First 5 Madera County staff met one-on-one with each funded program to ensure programs were accurately aligned with a First 5 California result area and service. Once a result area and service was aligned to a funded program, First 5 Madera County staff created excel documents titled "Exhibit 1" to mimic First 5 California's "Part 2: Appendix C" forms. Funded programs reported quarterly on "Exhibit 1" forms to demonstrate populations served and quarterly expenditures. By utilizing the "Exhibit 1" forms, First 5 Madera County is able to demonstrate, on a quarterly basis and year-to-date information in Quarter 4. This system of evaluation has been utilized since 2005-2006 to present.

The ultimate goal of each Evaluation Plan is to "tell" the program's "story" of the impact of the service provided to young children and their families. The Evaluation Plans ensure that each funded program is capturing outcomes, aligned with the First 5 Strategic Plan Hierarchy. Evaluation Plans have been tailored to assess each funded program. Each Evaluation Plan has the following eight sections: 1) Program Goals, 2) Strategic Plan Objectives, 3) Result Indicators, 4) Data Collection Methods and Tools, 5) Frequency and Schedule of Data Collection, 6) Frequency That Data Is Submitted To First 5, 7) Who Is Responsible For Data Collection, 8) Sampling Strategy. First 5 Madera County funded programs utilize different evaluation tools to demonstrate outcomes. Two forms of evaluation tools are used by funded programs: 1) Recognized Evaluation Tools and 2) First 5 Madera County Children and Families Commission form or the "CFC Form".

1) Recognized Evaluation Tools

Most First 5 Madera County funded programs utilize Recognized Evaluation and Assessment Tools. Tools that have been utilized by First 5 Madera County funded program are: Tools that have been utilized by First 5 Madera County funded program are: 1) Early Child Care Environmental Rating Scale (ECCERS), 2) Family Child Care Environmental Rating Scale (FCCERS), 3) Infant Toddler Environmental Rating Scale (ITERS), 4) Denver II, 5) Ages and Stages, 6) NCAST Feeding and Teaching, 7) Life Skill Progression Tool, 8) Structured Decision Making Tool, 9) Parent Survey, and 10) Desired Results Developmental Profile-Revised (DRDP-R-10) 11) Denver 12) NCAST feeding and teaching scale.

2) First 5 Madera County Children and Families Commission Form, or the "CFC Form"

First 5 staff created excel documents titled "CFC Form," which serve as uniquely tailored data entry systems for each funded program. To create a "CFC Form" for a funded program, First 5 staff met one-on-one with each funded program to determine what items to include on the "CFC Forms" to accurately "tell" the "story" of each funded program. The "CFC Form" is a simple data entry system that allows for case management, support services, referrals, trainings, and outcomes of assessment tools.

Annual Report Form 3 (AR-3)(Page 2 of 2)
County Evaluation Summary
for Fiscal Year 2012-2013 (July 1, 2012 - June 30, 2013)

County: Madera

Friday, September 13, 2013

Describe the evaluation findings reported during the fiscal year

The aforementioned statewide evaluation, evaluation plans, and evaluation tools have provided First 5 Madera County with sufficient outcome information to demonstrate results for First 5 Madera County in the 2010-2011 fiscal year. First 5 Madera County continues to implement the evaluation system mentioned above for the 2012-2013 fiscal year. As programs grow, the evaluation system is flexible to allow for additional units of measure to capture and ultimately “tell” the “story” of First 5 Madera County funded programs.

1)“Demonstrating Results Funded Programs 2011-2012,” which is First 5 Madera County’s evaluation report that utilized the “Evaluation Activities” is available upon request.”

2)“Demonstrating Results Funded Program 2012-2013” is currently in the process of being compiled.

Describe the policy impact of the evaluation results

c. Policy Impact of Evaluation Results

Funded Program “Community Impact Reports” were presented to First 5 Madera County Program and Grant Awards Committee. First 5 Madera County staff and Commissioners used the information to make programmatic funding decisions. The results provide a comprehensive understanding of funded program functions, outcomes, strengths, and weaknesses.

Who was the primary audience for the service?

Families with Children 0-5 in Madera County

What were the types of services provided?

Outreach to the community via events, newsprint and media. A Facebook account was established for the First 5 Madera County Commission. The Community Engagement facilitator also surveyed families with a survey titled "My Opinion Matters" at the various FRC locations to get a better understanding of the needs of families in Madera County.

What was the intended result of the service? What was the community impact of the service?

The intended result of the services resulted in a robust marketing approach to educate Maderan's on First 5 Madera County.

Result: Improved Systems of Care

Service: Provider Capacity Building, Training and Support

Who was the primary audience for the service?

Providers (child care, preschool teachers, and general service providers that work with children and families for individuals that provide infant mental health)

What were the types of services provided?

17 licensed child care providers participated in the event. Upon completion of the training, Providers participated in a purchasing event to ensure that their facilities were developmentally appropriate. 12 providers participated in a 10 month long Infant Mental Health Program. The providers would then convene one week after the training to discuss the topic from the training, we called these meetings "Breakfast and Brainstorming." The CSP staff collecting information regarding ECE needs.

What was the intended result of the service? What was the community impact of the service?

The intended result of these programs was to build provider capacity as a result 89 children 0-5 that are in the programs benefited from developmentally appropriate environments. FCCERS-R pre scores were 6.28 and were 6.40 at post.

The intended result of the Breakfast and Brainstorming was met, the facilitator of the group was able to write a report of the assets and gaps of Infant Mental Health in our community. The CSP staff was able to survey ECE sites in Madera and collect information regarding the assets and gaps in Madera.

**Annual Report Form 2 (AR-2)(Page 1 of 5)
County Demographic Worksheet
for Fiscal Year 2012-2013 (July 1, 2012 - June 30, 2013)**

County: Madera

Friday, September 13, 2013

Result: Improved Child Health

Service: Oral Health

Provide the most recent compelling service outcome available for this service.

404 preschool aged children were screened by a dentist. Of those screened 37% (n=150) did not have a dental home. Of those that did not have a dental home 49% (73) needed dental services. 32% (n=24) had decay in 4 or more teeth and 68% (n=50) had decay in 4 or less teeth.

Provide the comparison data used to determine whether the service outcome was an improvement and specify the origin of the data.

This data will serve as a baseline for future program development. The Healthy People Objective 2020 (HP2020) goal is to reduce the proportion of children aged 3 to 5 years with dental caries experience in their primary teeth. The HP2020 goal is 30 with a target setting method of 10 percent improvement. Also, the HP2020 baseline is 33.3%, data source: National Health and Nutrition Examination Survey (NHANES)

Describe the measurement tool used in the evaluation to measure the outcome.

Oral Health Screening tool.

Result: Improved Family Functioning

Service: General Parenting Education Programs

Provide the most recent compelling service outcome available for this service.

105 3 to 5 year old children and 114 parents received intense family support services. The parents received support in health and wellness, PACT time activities, CSEFEL, car seat safety, positive guidance, tobacco education, Theraplay, literacy, and family centered kindergarten transition. 81 families received a home visit by the Family Support Specialist; each family completed an Individual Family Support Plan. During the home visits the Family Support Specialist supported the parents in screening their children utilizing the Ages and Stages Questionnaire (ASQ). Families were referred to services based on the findings of the ASQ. The Family Support Specialist also supported the parents in kindergarten transition opportunities by coordinating visits to the children's future kindergarten classroom to introduce the children to their teachers. The families also participated in the Backpack Literacy Program which is a family lending library that includes journaling.

Provide the comparison data used to determine whether the service outcome was an improvement and specify the origin of the data.

86 children 29 English Language Learners, DRDP-10 items 1-8= Pre =3.6 Post =63.5 DRDP-10 items 13-22 = Pre=23 Post=61

Ages and Stages Questionnaire: 105 children screened of those screened 4% (n=4) demonstrated concerns per the assessment and referred for services.

Describe the measurement tool used in the evaluation to measure the outcome.

Who was the primary audience for the service?

The programs targeted parents and the general population in Madera County

What were the types of services provided?

School readiness via activities that are aligned to developmental milestones, structured preschool like activities, and family self sufficiency.

What was the intended result of the service? What was the community impact of the service?

First 5 Family Resource Center The FRCs are multidimensional in approach, promoting the idea of serving the whole child through coordinated services that are easily identifiable, accessible and seamlessly linked to supports highly frequented by families. During 2012-2013, the FRC Initiative served 33,470 children and adults through family centered activities, special events, etc. education and outreach First 5 Madera County aims to create a common community awareness of the importance of early childhood development and offers increased availability of tools necessary to promote this. Efforts to achieve this include mass distribution of resource guides and Kits for New Parents. In 2012-2013, the FRC distributed 180 New Parent Kits.2)Growing Family Libraries is a funding approach that provided 137 Families with a 30 minute presentation on reading techniques and modeling. A \$50.00 voucher is distributed to use with pre-selected vendors for the purchase of children's books.

Service: Service Outreach, Planning, Support and Management

Who was the primary audience for the service?

Families with Children 0-5 in Madera County

What were the types of services provided?

Outreach to the community via events, newsprint and media. A Facebook account was established for the First 5 Madera County Commission. The Community Engagement facilitator also surveyed families with a survey titled "My Opinion Matters" at the various FRC locations to get a better understanding of the needs of families in Madera County.

What was the intended result of the service? What was the community impact of the service?

The intended result of the services resulted in a robust marketing approach to educate Maderan's on First 5 Madera County.

I hereby certify the information submitted herein is accurate and complete to the best of my knowledge. I further certify that I have the authority to submit this information. Result: Improved Systems of Care

Service: Provider Capacity Building, Training and Support

Who was the primary audience for the service?

Providers (child care, preschool teachers, and general service providers that work with children and families for individuals that provide infant mental health)

What were the types of services provided?

17 licensed child care providers participated in the event. Upon completion of the training, Providers participated in a purchasing event to ensure that their facilities were developmentally appropriate. 12 providers participated in a 10 month long Infant Mental Health Program. The providers would then convene one week after the training to discuss the topic from the training, we called these meetings "Breakfast and Brainstorming." The CSP staff collecting information regarding ECE needs.

What was the intended result of the service? What was the community impact of the service?

The intended result of these programs was to build provider capacity as a result 89 children 0-5 that are in the programs benefited from developmentally appropriate environments. FCCERS-R pre scores were 6.28 and were 6.40 at post.

The intended result of the Breakfast and Brainstorming was met, the facilitator of the group was able to write a report of the assets and gaps of Infant Mental Health in our community. The CSP staff was able to survey ECE sites in Madera and collect information regarding the assets and gaps in Madera.

Annual Report Form 2 (AR-2)(Page 1 of 5)
County Demographic Worksheet
for Fiscal Year 2012-2013 (July 1, 2012 - June 30, 2013)

County: Madera

Friday, September 13, 2013

Result: Improved Child Health

Service: Oral Health

Provide the most recent compelling service outcome available for this service.

404 preschool aged children were screened by a dentist. Of those screened 37% (n=150) did not have a dental home. Of those that did not have a dental home 49% (73) needed dental services. 32% (n=24) had decay in 4 or more teeth and 68% (n=50) had decay in 4 or less teeth.

Provide the comparison data used to determine whether the service outcome was an improvement and specify the origin of the data.

This data will serve as a baseline for future program development. The Healthy People Objective 2020 (HP2020) goal is to reduce the proportion of children aged 3 to 5 years with dental caries experience in their primary teeth. The HP2020 goal is 30 with a target setting method of 10 percent improvement. Also, the HP2020 baseline is 33.3%, data source: National Health and Nutrition Examination Survey (NHANES)

Describe the measurement tool used in the evaluation to measure the outcome.

Oral Health Screening tool.

Result: Improved Family Functioning

Service: General Parenting Education Programs

Provide the most recent compelling service outcome available for this service.

105 3 to 5 year old children and 114 parents received intense family support services. The parents received support in health and wellness, PACT time activities, CSEFEL, car seat safety, positive guidance, tobacco education, Theraplay, literacy, and family centered kindergarten transition. 81 families received a home visit by the Family Support Specialist; each family completed an Individual Family Support Plan. During the home visits the Family Support Specialist supported the parents in screening their children utilizing the Ages and Stages Questionnaire (ASQ). Families were referred to services based on the findings of the ASQ. The Family Support Specialist also supported the parents in kindergarten transition opportunities by coordinating visits to the children's future kindergarten classroom to introduce the children to their teachers. The families also participated in the Backpack Literacy Program which is a family lending library that includes journaling.

Provide the comparison data used to determine whether the service outcome was an improvement and specify the origin of the data.

86 children 29 English Language Learners, DRDP-10 items 1-8= Pre =3.6 Post =63.5 DRDP-10 items 13-22 = Pre=23 Post=61

Ages and Stages Questionnaire: 105 children screened of those screened 4% (n=4) demonstrated concerns per the assessment and referred for services.

Describe the measurement tool used in the evaluation to measure the outcome.

Service: Community Strengthening Efforts

Who was the primary audience for the service?

The programs targeted parents and the general population in Madera County

What were the types of services provided?

School readiness via activities that are aligned to developmental milestones, structured preschool like activities, and family self sufficiency.

What was the intended result of the service? What was the community impact of the service?

First 5 Family Resource Center The FRCs are multidimensional in approach, promoting the idea of serving the whole child through coordinated services that are easily identifiable, accessible and seamlessly linked to supports highly frequented by families. During 2012-2013, the FRC Initiative served 33,470 children and adults through family centered activities, special events, etc. education and outreach First 5 Madera County aims to create a common community awareness of the importance of early childhood development and offers increased availability of tools necessary to promote this. Efforts to achieve this include mass distribution of resource guides and Kits for New Parents. In 2012-2013, the FRC distributed 180 New Parent Kits.2)Growing Family Libraries is a funding approach that provided 137 Families with a 30 minute presentation on reading techniques and modeling. A \$50.00 voucher is distributed to use with pre-selected vendors for the purchase of children's books.
